14) The Mysore city must have approved the grant of an enhanced cycle allowance of Rs 10/- p m to all the ML subordinates, in view of the high cost of tubes tyres & consequent increase in the maintenance cost of the cycle. The chief Engr has recommended sanction to the proposal till the end of the current official year.

15) The chairman, Mysore city Improvement Trust Board has also sent up a request of the Board to the effect that the cycle allowance may be enhanced to Rs 10/- p m in respect of all the executive officers of the office (Trust Board)

16) So far, such approval has not been received from any other local body except the Mysore city M&S

17) The proposals made by the Mysore city Municipal & the Trust Board appear reasonable in view of the prevailing cost of tubes tyres & may therefore be sanctioned till the end of the current official year.

18) This would create a precedent for other local bodies to ask for a similar concession.

22) The Surveyors in the P W D are in receipt of a Conveyance allowance of Rs 15/ each per mensem, and where a cycle is maintained, a C A of Rs 5/ only is sanctioned. Even in the Bureau of Sanitary Engineering, a bicycle allowance of Rs 5/- only is sanctioned to the Surveyors.

23) In view of the increased cost of tyres tubes and spare parts of bicycles the recommendation of the Chairman City Improvement Trust, Mysore to enhance the cost of Surveyors from 1-5 to Rs 10/- deserves consideration. It may be sometimes for the duration of War only. The matter deserves to be examined

24) I am afraid the question cannot be considered as an isolated one. The question of enhancing cycle allowances to all other Government servants similarly situated will have to be considered. Rs 60/ per annum to cover renewals & depreciation of a cycle seems to be ample even in these times. In any case it appears to be inexpedient to tackle this case in isolation.

Respected Sir,

We, the undersighed ~~lower~~ subordinates, humbly beg yourkind permission to place the following few lines for your sympathetic consideration and kind orders

We are being paid a very small conveyance allowance of Rs 5/- each per month, against Rs 15/- we generally get in the public orks Department No doubt, our works are confined within the City limits, however, the journey performed by every one of us within his jurisdiction, will not be less than 12 to 15 miles ever day, and the wear and tear of the bicycles we generally maintain, will not be lessened in any way

The cost of the bicycles or even any part thereof, has gone very high The tyres are sold at Rs 12/- to 15/- per pair, while the tubes cost Rs 6-8-0 to 9/- Similarly, the cost of the spare parts and lubricants have gone very high, and it is no wonder, if we represent that ~~what~~ what we get in the shape of conveyance allowance will be nothing, when compared with our individual actual monthly expenses towards the maintenance of bicycles

All the subordinates attached to the Head Quarters Range, and working within the city limits, get the usual conveyance allowance of Rs 15/- while those subordinates attached to the Palace, get Rs 10/- plus some local allowance in addition Even the sanitary inspectors attached to the Health Section of this Municipality, get Rs 10/- ~~without~~, while our case is really pitiable to see that we are getting only Rs.5/- which is quite inadequate to maintain our bicycles, especially during this wet season

We humbly beg to request you, respected Sir, to kindly consider our grievances and order for the enhancement of the conveyance allowance during this official year to Rs 10/- atleast,
